

# CLAY PLASTERING WORKSHOP

## **American Clay (Natural Earth) Wall Plaster:**

Experience the healthy, aesthetic, and enjoyable alternative to paint! Another world! Learn from a skilled, renowned artisan how to apply rich, soothing clay to painted walls, drywall, wood sheeting, straw bale and straw/clay walls. This is your opportunity to gloriously break out of the conventional and enjoy the exceptional.

## **Techniques to be covered:**

- Mixing clay plasters from local materials
- Using prepared American Clay products
- Scratch coat, brown coat, and finish coat
- Clay adhesion to a variety of materials
- Rounded "bull-nosed" corners
- Mixing pigments
- Using sealant - when and how
- Various trowel finishes

## **Instructor:**

Charlie Carruthers of Santa Fe, New Mexico—renowned throughout North America.

**Date:** Sunday, August 8, 2010

**Where:** Harvest Haven – Lethbridge, Alberta

**Tuition:** \$150 Includes materials and a hearty, all organic lunch

**Book early** – class size is limited!
